Dear Mr Michael

I acknowledge receipt of the letter you forwarded to me by e-mail dated 22<sup>nd</sup> March 2021.

I note the points made about the Cefn Coed project and will discuss those with my officers. As I have had no direct involvement in this project to date, I am unable to respond more fully until internal discussions have been completed. I am also due to meet the Councillor for Crynant, Cllr Harris and the Councillor for Seven Sisters, Cllr Hunt in April to take on board their views.

As someone who grew up in the Rhondda Valley, I am fully aware of the importance of our mining heritage. Clearly, there are reasons why the scheme we had hoped to develop at Cefn Coed has not progressed. I will write to you again when I have a fuller understanding of the position.

Yours sincerely,

**Karen Jones**  
**Chief Executive**
