Welsh Government	The Welsh Government public consultation on a new Road Safety Strategy is now open until the end of 31st of January 2024. You can access it here. We will create a new Strategy for Road Safety in Wales using: • the responses to this consultation • our engagement with stakeholders that work in road safety • a randomised representative sample survey of the Welsh population, and • workshops that include marginalised groups

Welsh Government	Asbestos Management on the Public Estate- Following a request from the Workforce Partnership Council (WPC) Joint Executive Committee that “asbestos management in all public buildings be considered as part of the work of Ystadau Cymru,” my officials have been working with colleagues in the Welsh Government Ystadau Cymru team. I have asked Ystadau Cymru to establish an Asbestos Sub-Group to provide strategic direction and leadership for ensuring the improvement of asbestos management in Wales. Their work has identified that some Town and Community Councils need assistance in understanding their role and responsibilities in respect of asbestos in the buildings they own or manage. Ystadau Cymru and I would therefore like to bring to your attention the attached Health and Safety Executive (HSE) Guide to Managing Asbestos in Buildings.
Cerebral Palsy Cymru	I am writing to ask if Crynant Community Council would be able to support us in making a life changing difference to children and families across Wales living with cerebral palsy this year.
Wales Air Ambulance	Community Council Appeal 2023 – Please help us to continue serving the people of Wales and saving lives in your community by considering us for a community or town council grant. No matter how big or small, your donation will help save lives.
South Wales Police and Crime Commissioner Annual Community Survey	• I wanted to make you aware that the South Wales Police & Crime Commissioner has now launched his annual community survey, giving residents the chance to ‘have their say’ on policing in South Wales and the options being considered for the policing element of Council Tax for 2024/25. To help us get the word out and to encourage people to take part, we would be grateful if you could help us extend the reach of the survey so that we can hear the views of as many people as possible. How you can help- Attached is a ‘partner pack’ which includes bilingual graphics, posters and a cover piece explaining the purpose of the survey and how people can take part. You can help us by: • promoting the survey across your social media channels. • publicising the survey on your website or intranet. • Printing the posters and promoting in venues/noticeboards etc.

	• Sharing the survey with your community contacts/networks/citizen panels.
The Future Generations Commissioner	The Future Generations Commissioner launches Cymru Can, his new seven-year strategy for a better today and tomorrow in Cymru. We think that collectively, Cymru CAN do so much more to improve lives using the Well-being of Future Generations Act - Cymru has the opportunity, the permission, and the ideas to do better things. Derek Walker is today setting out five new missions to help ensure Cymru Can - making the Act work harder (Implementation and impact), culture and Welsh language, climate and nature, health and well-being (focus on preventative health), and a well-being economy. The video features people from all over Wales and is shot from Barry to Machynlleth, Merthyr Tydfil to Llanrwst. It would be great if you were happy to join the #CymruCan conversation on social media.
