Brief to Playground Suppliers

Crynant Teen Park refurbishment – bringing the park back to the community benefit

The refurbishment of Crynant Teen park has been identified as the top priority for investment following numerous community-focused consultation exercises. The Park falls under the custodianship of Crynant Community Council (CCC) who would be the client in this instance. The project is being driven forward by the Council with support from County Cllr Sian Harris (NPT County Councillor), NPTCBC Officer, Sarah Benett (Project Development and Funding Officer, NPTCBC), and PLO Gemma Farthing (Clerk, CCC), who will be the main points of contact for the project as a whole.

There is currently one existing play area with fixed equipment adjacent to the Community Centre; this is to remain an area for fixed play apparatus and caters for children and young people aged 10 and under. Presently, there is a Multi-Use Games Area (MUGA) for football, netball and basketball alongside this area there is a tarmac area that will be repurposed with skate ramps.

The teen park currently will be refurbished with one new climbing wall, with the focus being on providing a play space for children from ages 11+. This specification has been informed by consultations with the local Primary School, Youth Clubs and an open invite to the community members to attend a consultation.
